3.0 Access

We will provide you or your Nominee with:

- A Customer Number

- A Password.

3.1 Our Reliance and Authority

We are authorised by you to allow operations on your account for which the correct Customer Number and Password have been provided.

3.2 Misuse of Internet Banking

You acknowledge that, subject to the provisions herein excluding you from liability, you will be liable for any misuse of Internet Banking including transactions on your accounts or any failure by a Nominee to observe these terms and conditions.

3.3 Nominees may Incur Fees and Charges

You acknowledge that in addition to your own use a Nominee may also incur fees and charges, which you will be required to pay to us.

3.4 Time

Unless stated otherwise references to time means the time in the location you are registered for Internet Banking. This may include the time recorded on transaction records.

4.0 Security and Access Codes

4.1 What You Need To Do

- a) You acknowledge and accept that we cannot verify by way of signature comparison whether access quoting the correct Access Codes is a User or a Nominee.
- b) Your Access Codes allow anybody using them to conduct the type of operations on an account for which Access Codes provide access and we are authorised by you to permit such access. Because of this you must take special care to protect them.
- c) You must change the Password component of your Access Codes on initial access to Internet Banking and ensure any Nominee does the same.
- d) You should in addition-periodically change the Password and should require any User to periodically change their Password.
- e) You must ensure that the Access Codes are kept at all times secure and not disclosed to anyone except us in the course of using our Internet Banking. Where you have authorised a Nominee to use Internet Banking that Nominee will be advised of Access Codes separately. You must ensure that the Nominee does not disclose their Access Codes to anyone except us in the course of his/her use of Internet Banking.

4.2 Protecting your Access Codes.

If you make a record of your Access Codes you must keep it separate and well away from your computer unless the Access Codes are reasonably disguised. However, to minimise the risk of unauthorised transactions occurring on your account, it is best to keep your Access Codes, even if disguised, separate and well apart from your computer.

For example, you must not keep your computer and undisguised Access Codes together:

- In your office or at home in the same room
- In any other situation where your computer and Access Codes can be found and used.

To protect your Access Codes you must:

- Try to memorise them
- Destroy any documentation we issue to you containing AccessCodes
- Not write your Access Codes on your computer, even if disguised
- Not keep a record of your Access Codes with or near your computer
- Not tell anyone your Access Codes, including family members, friends and our staff
- If you select your own Access Codes, not select a number or word that can easily be associated with you, such as your date of birth, telephone number, driver's licence number and so forth
- Make sure that nobody watches you or hears you when you are entering or using your Access Codes at electronic equipment.

If you select your own Access Codes, for security reasons you should endeavour to change them at regular intervals (we suggest and recommend every 6 months).

If you make a record of your Access Codes you must either take reasonable steps to prevent unauthorised access to that record or ensure such record is reasonably disguised. We will not consider that you have made a reasonable attempt to disguise Access Codes if you only:

- Record it in reverse order
- Record it as a series of numbers with any of them marked to indicate the Access Codes
- Record the Access Codes as a telephone number with the Access Codes in its correct sequence within the telephone number
- Record the Access Codes as a telephone number where no other telephone numbers are recorded
- Disguise the Access Codes as a date or as an amount.

There may be other forms of disguise that may be similarly unsuitable because of the ease of another person identifying your Access Codes.

4.3 What you must do if you suspect a breach of security of your Access Codes

If you suspect that the security of your Access Codes has been breached you must ensure that:

- a) The Password is immediately changed
- b) We are immediately informed of the suspected breach.

5.0 Currency of and availability of Information

Information available through Internet Banking concerning transactions and balances may not always be completely up to date, although, in most cases should at least reflect the transactions and balances of an account up to the close of business on the previous day on which we were open for general banking business.

Not all services and functions offered through Internet Banking are available at all times.

6.0 Liability

6.1 When you will be liable for operations conducted through Internet Banking:

Except as stated in clause 6.2 under the heading below "When you are not liable" you will be liable for any transaction or operation conducted through our Internet Banking:

- a) Whenever access to Internet Banking correctly quotes a User's Access Codes.
- b) If any User discloses an Access Code to another person, whether intentionally or otherwise.
- c) You will remain liable until such time as you or the Nominee, as the case may be, notifies us that the Access Codes may have become known to someone not entitled to know them. You will not be liable for unauthorised transactions or operations that take place after the time you notify us.

The Account Holder will be liable for actual losses resulting from unauthorised transactions caused by the User or a Nominee:

- o Engaging in fraud
- o Voluntarily disclosing any Access Codes to anyone, including a family member or friend
- o Keeping a record of an Access Code without making a reasonable attempt to disguise it or to prevent unauthorised access to it in accordance with clause 4.2
- o Writing their Access Codes or a disguised record of their
- o Access Codes on the electronic equipment
- o Selecting an Access Code which represents the User's or a Nominee's birth date, or being an alphabetical code which is a recognisable part of their name, after we have asked them not to select such an Access Code and told them of the consequences of doing so
- o Acting with extreme carelessness in failing to protect an Access Code.

The Account Holder will also be liable for losses resulting from the User or a Nominee accessing Internet Banking via a computer that the Account Holder knows contains software that has the ability to reveal to a third party, or to otherwise compromise, Access Codes and/or customer information, including, but not limited to, account information. The Account Holder will also be liable for actual losses resulting from unauthorised transactions caused by the User or Nominee unreasonably delaying notifying us of:

- The misuse of an Access Code
- Loss of an Access Code
- An Access Code becoming known to someone else.

In these three cases an Internet Banking Account Holder's liability will only extend to losses which occur between the time when the User or Nominee became aware (or should reasonably have become aware) of such misuse, loss or theft and when we were actually notified.

6.2 When you are not liable:

The Account Holder will not be liable for losses resulting from unauthorised transactions where it is clear that the User or Nominee has not contributed to the loss. You may have contributed to the loss if you do not follow our guidelines for Access Code security in clause 4.2.

- a) You will not be liable for unauthorised operations on an account for which the correct Access Codes are used if any User or Nominee were in no way responsible for the Access Codes becoming known to an unauthorised user provided:
 - i. The User or any Nominee, as the case may be, notify us immediately upon becoming aware of or suspecting that an unauthorised operation has taken place
 - ii. You check your account statements for unauthorised operation as soon as you receive them
 - iii. You provide all necessary assistance and co-operation with regard to any investigation of the circumstances giving rise to the unauthorised transaction
- b) You are not liable for loss of funds if:
 - i. Unauthorised use took place before the User or any Nominee, as the case may be, obtained the Access Codes from us; or
 - ii. Unauthorised use took place after we were informed that Access Codes have been lost, stolen, or used by someone without your authorisation and the User or any Nominee changed the Access Codes as soon as we advised the User or any

Nominee to change them

- c) In the situations described in paragraphs (a) and (b) of this sub- clause we will credit that amount to your account but will have no further or other liability to you.

The Account Holder will not be liable for losses resulting from unauthorised transactions that:

- o Are caused by the fraudulent or negligent conduct of our staff or agents or companies involved in networking arrangements;
- o Happen before the User or Nominee receives or selects their Access Codes(s);
- o Happen after we have been notified that an Access Code has been misused, lost or stolen or that the security of any Access Codes has been breached;
- o Are the result of the same transaction being incorrectly debited more than once to the same account.

The Account Holder will not be liable to pay for:

- o That portion of the losses incurred which exceed the balance of their account(s), including any pre-arranged credit;
- o Incurred on any accounts which the Account Holder and BSP had not agreed could be accessed using Internet Banking.

For Internet Banking the Account Holder's liability is subject to BSP proving on the balance of probability that the User contributed to the losses in one or more of the ways listed above.

6.3 When we are not liable

Subject to, (i) clause 6.4 headed Non-excludable Warranties and Conditions; and (ii) our liability to re-credit funds to your account where you are not liable as set out above, we will not be liable for:

- a) Any party's reliance on the information obtained through use of Internet Banking
- b) Any failure or delay of Internet Banking to provide information or perform operations requested including a failure to process a request received before a cut-off time on the same or next Banking Business Day or failure or delays caused by third parties
- c) In any event, other than for our proven negligence, fraud or willful misconduct, any amount in excess of 500 units of the currency in the country in which you are registered

- e) Unavailability of Internet Banking (including if the use of Internet Banking is not permitted by local law for any reason), and events beyond our control such as but not limited to an Internet connection.

6.4 Non-excludable Warranties and Conditions

Nothing in these terms and conditions shall operate so as to exclude, restrict or modify the application of any of the provisions of any legislation that BSP, any User or Nominee is subject to, the exercise of a right or duty conferred by such legislation, or our liability for a breach of a condition or warranty implied by such legislation where to do so would breach such legislation or is otherwise illegal.

9.0 Termination

9.1 Termination by You

You or your Nominee may terminate your Internet Banking access at any time by giving to us written notice or informing our Internet Help Desk. This notice shall not be effective until we have received it and may be given to a secure message function of BSP.

We may terminate your use of Internet Banking by giving written notice addressed to the last address notified by you to us or by one of the methods referred to in clause 7.2 dealing with variation of conditions.

9.3 Suspension or Termination by us without notice

We may suspend or terminate your use of Internet Banking without giving you notice for any reason where we reasonably believe such access should be suspended or terminated, for example in order to protect the integrity or security of our website, for maintenance or reasons beyond our control such as internet outages, when lawfully directed to do so, or where an enquiry has been made to us of the type identified in clause 2.7, or you have not accessed Internet Banking for a lengthy period.

10.0 Value Limits and Cut Off Times

10.1 Imposition and Variation

This may be the case even if Internet Banking shows a change in account balances resulting from the operation. Different cut off times apply to different instructions. For details of current cut off times refer to our Help Files.

10.4 Variation of Cut Off Times

We may vary cut-off times at any time. We will advise you of permanent or long term variations to cut off times however, we may need to make temporary changes without notice.

- b) You must ensure that Payment details are correct. The User or any Nominee is solely responsible for providing correct Payment details including amount and payee details. We have no liability to you or any Nominee for any Payment made in accordance with details provided by you or such Nominee.

11.2 Future Dated Payments

11.3 Periodic Payments

- a) You can create or delete a Periodic Payment between 7am and 3pm on a Banking Business Day and at anytime on the weekend or on a public holiday. Requests to create or delete a Periodic Payment received after the above cut off times or on a non-Banking Business Day will not be processed until the next Banking Business Day.

Bill Pay Terms and Conditions

1.0 Our Role in the Bill Pay Scheme

We are a member of the Bill Pay electronic payments scheme. BillPay is:

- a) An electronic payments scheme through which you can ask us to make payments on your behalf to organisations (Billers) who tell you that you can make payments to them through the Bill Pay Scheme.
- b) You may choose to pay them electronically using internet banking or telephone banking or any other payment method accepted by the Biller.

2.0 How to use the Bill Pay Scheme

- o Bill Pay Payments can be made from most accounts held with us.
- o When you tell us to make a Bill Pay Payment, you will be required to provide the biller code and reference number (and other information) as appears on the bill or statement.
- o You must comply with the terms and conditions applying to the account to which you request us to debit a Bill Pay Payment, to the extent that those account terms are not inconsistent with or expressly overridden by the Bill Pay terms and conditions. The Bill Pay Terms set out herein are in addition to those terms.
- o If in relation to your use of Bill Pay there is any inconsistency between the terms and conditions applying to the account and the Bill Pay terms and conditions or an inconsistency between the other provisions relating to Internet Banking within these terms and conditions and the Bill Pay terms and conditions, the Bill Pay terms and conditions will apply to the extent of that inconsistency.
- o In the event of insufficient funds BSP may, in accordance with the Terms and Conditions applicable to your account, a) Use its discretion to honour the payment; and b) Charge a fee to your account.
- o You acknowledge that the receipt by a Biller of a mistaken or erroneous payment does not or will not constitute under any circumstances part or whole satisfaction of any underlying debt owed between the payer and that Biller.
- o Details of Bill Pay Payments, including your receipt number, will appear on your account statement from which the payment was made.
- o You can ask us to make a Bill Pay Payment at any time in the future up to 90 days. Cleared funds must be available the day before payment is due.
- o If we are not able to make the Bill Pay Payment at that future payment date we will advise you by letter. A Payment may not be able to be made due to insufficient funds, an invalid account or because the Biller no longer participates in the Bill Pay Scheme. In the event of insufficient funds BSP may (a) use its discretion to honour the payment; and (b) charge a fee to your account for doing so.

3.0 Information you must give us

You must be careful to ensure that you tell us the correct amount you wish to pay. We will then debit the account you specify with the amount of that Bill Pay Payment. If you instruct us to make a Bill Pay Payment and you later discover that:

- a) The amount you told us to pay was greater than the amount you needed to pay, you must contact the Biller to obtain a refund of the excess
- b) The amount you told us to pay was less than the amount you needed to pay, you can make another Bill Pay Payment for the difference
- c) You do require a complete Bill Pay payment refund, you must contact the biller to obtain a refund.

We will not accept an order to stop a Bill Pay Payment once you have instructed us to make that Bill Pay Payment.

6.0 Correct Details

You must be careful to ensure that you tell us the correct amount you wish to pay. If you instruct us to make a Bill Pay Payment and you later discover that:

- the amount you told us to pay was greater than the amount you needed to pay, you must contact the Biller to obtain a refund of the excess
- the amount you told us to pay was less than the amount you needed to pay, you can make another Bill Pay Payment for the difference between the amount actually paid to a Biller and the amount you needed to pay

You acknowledge that we are not obliged to effect a Bill Pay Payment if you do not give us all of the above information or if any of the information you give us is inaccurate.
